“Queens” - Season 1 (March 5)

Angela Bassett narrates this new National Geographic docuseries, telling the story of how the wildest places on the planet have always been home to powerful leaders, but this a story of a new hero – fierce, smart, resilient and ... female. “Queens” features matriarchies and female leaders around the world to tell a story of sacrifice and resilience but also of friendship and love. These “Queens” aren’t always kind or gentle, letting nothing come between them and the success and safety of their families.

“Extraordinary” - Season 2 (March 6)

Season 2 picks back up with Jen (Máiréad Tyers), following her journey as she enrolls as a client at the power clinic. Jen discovers that the process of finding her power isn’t as easy as she hoped, and things in the rest of her life aren’t smooth sailing either. Ex-cat, now-boyfriend Jizzlord (Luke Rollason) has had an unexpected revelation about his past, and Kash (Bilal Hasna) and Carrie (Sofia Oxenham) are attempting to be mature and dignified about their break-up, which is not easy when they’re still living under the same roof.

“Prometheus” (Available Now)

The discovery of a clue to mankind’s origins on Earth leads a team of explorers to the darkest parts of the universe, with two brilliant young scientists leading the expedition. Shaw (Noomi Rapace) hopes that they will meet a race of benevolent, godlike beings who will in some way verify her religious beliefs, while Holloway (Logan Marshall-Green) is out to debunk any spiritual notions. However, neither the scientists nor their shipmates are prepared for the unimaginable terrors that await them.

“Infinite Storm” (Available Now)

This thrilling drama film follows experienced climber (Naomi Watts) as she ascends Mt. Washington, but she turns back before she reaches the summit as a huge blizzard approaches. On her way down, she encounters a lone, stranded man, and takes it upon herself to get them both down the mountain before nightfall arrives and they succumb to the storm. Based on a true story. Billy Howle also stars.

A story that began a decade ago with a family living in sunny San Diego, this spin-off of "The Fosters" follows along as Callie (Maia Mitchell) and Mariana (Cierra Ramirez) tackle the highs and lows of living their own, independent lives as young adults in Los Angeles. After endless career changes, relationships and new friends, the story now comes to an end, when the final episode of "Good Trouble" premieres Tuesday, March 5, on Freeform. With years of drama to unravel, fans can stream episodes online at freeform.com/shows/good-trouble

It's more tempting than ever to trade in city chaos for country charm, and this couple couldn't resist the call of nature. Following Davina and Kristin as they tackle their big move to New York's Hudson Valley — ready to fulfill their aspirations of a farm-to-table lifestyle and create a big, blissful home to raise their daughter in — the all-new series, "Small Town Potential," premieres Sunday, March 3, on HGTV. Read up on the duo's renovation plans and more, with series details available at hgtv.com/shows/small-town-potential

Alzheimer’s disease is one of the most significant global health threats we face today. Some of the root causes of Alzheimer’s that the dental team can screen and/or treat for are gum disease, unhealthy microbiome, sleep apnea, infected root canals, and mercury fillings. As a ReCode certified dentist, we work closely with Trained Primary Protocol Practitioners to assist in the prevention and reversal of cognitive decline via the Bredesen 7 Protocol.

Dr. Weeks and Dr. Field welcome the opportunity to provide you more information about the ReCode program.

New patients welcome! Please call 285-1990 to schedule an appointment.

“Apples Never Fall” (Peacock — Mar. 14, Limited Series Premiere)

Based on Liane Moriarty’s New York Times bestselling novel, this series centers on the seemingly picture-perfect Delaney family. Former tennis coaches Stan (Sam Neill) and Joy (Annette Bening) are ready to start their golden years, while they look forward to spending time with their four adult children (Jake Lacy, Alison Brie, Conor Merrigan-Turner, Essie Randles). But, everything changes when a wounded young woman knocks on Joy and Stan’s door, bringing the excitement they’ve been missing. But when Joy suddenly disappears, her children are forced to re-examine their parents’ so-called perfect marriage as their family’s darkest secrets begin to surface.

'MasterChef Junior' returns with more Ramsays than ever

If you like your Ramsays sweet, not spicy, then this competition will tickle your taste buds. Season 9 of "MasterChef Junior" premieres Monday, March 4, on Fox.

On air since 2013, this series sees the softer, more encouraging side of chef extraordinaire Gordon Ramsay ("Hell's Kitchen") as he instructs, motivates and mentors young chefs (all between the ages of 8 and 13) to be better at their craft through increasingly difficult challenges. This season, Ramsay plans to tackle the task by sprinkling in a taste of home, inviting his daughter, Tilly Ramsay ("Matilda and the Ramsay Bunch"), 22, to join his judging panel alongside the returning Aarón Sánchez ("Chopped After Hours") and Daphne Oz ("The Chew").

Tilly, the fourth of Ramsay's six children, has picked up her father's flare for fabulous cuisine, having previously appeared in shows such as "Next Level Chef UK," "Celebrity MasterChef Australia," "Step Up to the Plate" and Ramsay's own "Hell's Kitchen," proving that she can take the heat in the kitchen just as well as her pops. Now, before moving on to host her own series — "Dish It Out," which is currently in pre-production — the second-generation Ramsay hopes to inspire young cooks, acting as a relatable bridge between the kid contestants and their adult mentors — not to mention, she's always ready to shoot a few zingers back at the clever and quippy Gordon.

Featuring many of the same challenges as its predecessor (the far more intense "MasterChef"), this season asks its budding chefs to face skills tests, team challenges, pressure tests, elimination rounds and more, narrowing down the competition until only two or three cooks remain. These finalists, then, go on to face each other in an extravagant, three-course cook-off. After all three rounds of judging have been completed, one overall winner is crowned, this season earning themselves \$100,000, the "MasterChef Junior" trophy and the impressive title that comes with it.

Based on a format created by Franc Roddam ("Celebrity MasterChef"), this delectable, family-friendly series is produced by Endemol Shine North America and One Potato Two Potato, in hopes of encouraging aspiring young chefs across the country and offering life-changing opportunities season after season.

With all previous episodes currently streaming on Hulu, "MasterChef Junior" returns Monday, March 4, on Fox, with all-new episodes available to watch the next day on Hulu and Hulu on Disney+.

BEST NEIL SIMON MOVIES

Robert Redford and Jane Fonda in "Barefoot in the Park"

"After the Fox" (1966): This Simon-written vehicle for Peter Sellers casts the actor as a master-of-disguise crook who escapes from prison and poses as a movie director to steal a shipment of gold; co-stars included Britt Ekland, then Sellers' wife.

"Barefoot in the Park" (1967): Jane Fonda and Robert Redford had their second of several screen teamings in Simon's tale of newlyweds whose first apartment together challenges their temperamental differences.

"The Odd Couple" (1968): Not only did Simon score an out-of-the-park movie hit with Jack Lemmon and Walter Matthau's pairing as mismatched roommates Felix Ungar and Oscar Madison, it has fueled

several television versions, including the 1970s Tony Randall-Jack Klugman classic.

"The Out-of-Towners" (1970): In a story Simon wrote directly for the screen (remade in 1999), Lemmon and Sandy Dennis play an Ohio couple experiencing just about every mishap a traveler can encounter in New York.

"Plaza Suite" (1971): Simon's frequent movie muse, Matthau has the central male role in each of the three stories set at different times in the same suite at New York's Plaza Hotel; Maureen Stapleton, Barbara Harris and Lee Grant are his leading ladies.

"The Heartbreak Kid" (1972): The tale was adapted for a 2007 remake,

but Simon's imprint is much more on the original version, casting Charles Grodin as a newlywed who falls for another woman (Cybill Shepherd) while he's on his honeymoon.

"The Prisoner of Second Avenue" (1975): Jack Lemmon and Anne Bancroft are terrific as a couple thrust into the writer's "Out-of-Towners" syndrome as New Yorkers plagued by nearly every problem the city can throw at them.

"The Sunshine Boys" (1975): George Burns became a late-in-life Oscar winner for teaming memorably with Walter Matthau as embittered ex-vaudeville partners maneuvered into a reunion.

“Home Again” (Available Now)

Alice (Reese Witherspoon), a recently separated mother of two, finds her life upended when three young, charismatic filmmakers move into her guest house. But, her unlikely new family and a budding romance come to a crashing halt when her ex-husband shows up, suitcase in hand. A story of love, friendship, and the families we create, this modern romantic comedy has one very big life lesson: starting over is not for beginners.

“Surrounded” (Available Now)

This western drama follows former Buffalo Soldier Mo Washington (Letitia Wright) as she travels West to lay claim on a gold mine. After her stagecoach is ambushed, Mo is tasked with holding legendary outlaw Tommy Walsh (Jamie Bell) captive and must survive the day when the bandit's gang tries to free him.

“Strays” (Available Now)

In this odd-ball adventure comedy, after a fast-talking terrier (Jamie Foxx) shows a naive pup (Will Ferrell) that his beloved owner (Will Forte) is a dirtbag, the dogs embark on an epic adventure for revenge. Isla Fisher, Randall Park, Rob Riggle, Josh Gad, Sofia Vergara, Jamie Demetriou, Harvey Guillén and Jimmy Tatro also voice star.

“The Crocodile Hunter: Collision Course” (Available Now)

In this action comedy, Aussie adventurer Steve Irwin, aka The Crocodile Hunter, has nabbed another feisty croc, hoping to save it from poachers. What Steve doesn't know is that the crocodile has innocently swallowed a top secret US satellite beacon, and the poachers are actually American special agents sent to retrieve it. Crikey! Relocating the croc won't be easy, but if he can handle bird-eating spiders and venomous snakes without getting bitten, gun-wielding agents shouldn't be too much of a problem.

celebrity pipeline BY JAY BOBBIN

Q: I saw a reference made about Rachel McAdams' recent appearance on “Saturday Night Live” being her first time on the show. Is that true? – Jonathan Ford, via e-mail

A: It is, which might seem surprising, unless one considers that McAdams seems to eschew the limelight quite a bit — somewhat unusual for a celebrity, admittedly. She had turned down an opportunity to reunite with several other “Mean Girls” (2004) alums in a commercial recently, reasoning that it didn't quite feel like the right thing for her. (She later said that she hadn't known that so many other former co-stars of hers would be participating.)

Though she did television at the start of her career, McAdams has kept her main focus on movie work, the second season of HBO's “True Detective” and several episodes of FX's “Dave” being notable extensions later on. That made her previously unannounced stint

Rachel McAdams went ‘Live’ for the first time

on “Saturday Night Live,” which amounted to her introduction of musical guest Renee Rapp (who assumed McAdams' Regina George role from the original “Mean Girls” movie in the recent stage and film versions) and participation in a skit as a Rachel McAdams look-alike, even more of a surprise.

Q: It's good to see “Ride” getting another opportunity for an audience with its current run on The CW. Will there be a second season of the show? – Tara Williams, Buffalo, N.Y.

A: Apparently not, which makes its CW pickup interesting since that network had to know it would be an automatically finite run — unless The CW should make its own move to revive it, but it's known that the intention there now is to keep production costs low, thus the many acquisitions of shows already produced elsewhere. CTV Drama ran the Nancy Travis-starring “Ride” in Canada, where the program originated, but there evidently aren't any plans beyond repeating the 10 existing episodes.

What our customers say about us...

Two of my friends recommended Creeks to me and I'm so glad they did. The estimator was friendly, open and honest and gave several options and the installers were courteous, on time and cleaned up the working area. Plus, the system works great. No one likes to have to buy a new AC in the middle of summer, but their price was fair and the work was good. Highly recommend! - Renay T.

The polite voice answering your call will reassure and work proficiently to accommodate answering your questions while placing your needs as their priority. From sales to installation, the representatives of Creeks Air Conditioning and Heating demonstrate their excellence in every aspect of their profession. I have called upon them on two separate occasions in two different homes (never the same unit) over the past 15 years and will continue to use them if I need HVAC repair or replacement. - DC Junior
